QUO WARENTO

David Gordon

The 18th century copy of Quo Warento (or Quo Waranto - see Gordon 1988) from the House of Lords gives a list of Jurors, which I have looked at again very carefully, and I now think it should read:

Thomas Folegaumbe
William Hally
Radolfus Cottrell
William De Langesdon
John le Parlur
Clement de la Ford
William de Wardelowe
Peter de Roland
Richard de Langesdon
William son of Robert de Well
Henry Folegaumbe
John de Langesdon

Of the changes, John is clear from a rereading of the original text, William is no longer decipherable but I think this reading is more likely than that of Pettus.
